

CS: Lagged for S44, argument

The diagram illustrates a complex network of relationships between 15 personality traits. The traits are represented as circles of varying shades of purple and white. The connections are represented by solid purple arrows, dashed purple arrows, and solid grey arrows. The traits are: responsible, sociability, compassion, organized, assertive, trust, productive, aesthetic sensitivity, argument, creative imagination, intellectual curiosity, emotional volatility, energy, depressed, anxious, and respect. The diagram shows a dense web of interactions, with some traits having self-loops and others having multiple incoming and outgoing connections.
