Diagram illustrating a path model with 15 variables (nodes) and their relationships (edges). The nodes are arranged in a circular pattern. The variables are:

- creative imagination
- compassion
- assertive
- emotional volatility
- sociability
- respect
- intellectual curiosity
- responsible
- anxious
- angry
- aesthetic sensitivity
- productive
- depressed
- trust
- organized
- energy

The diagram shows various paths between these variables, including self-loops on 'energy', 'depressed', and 'anxious'. The paths are represented by solid, dashed, and grey arrows, indicating different levels of significance and lagging.

The diagram illustrates a network of 15 personality traits arranged in a circle. The traits are connected by lines of varying thickness and style (solid, dashed, or dotted). The traits 'angry', 'anxious', and 'depressed' are highlighted in a lighter purple color, while the others are in a darker purple color.
